

## Product information sheet SELECT II 50/2

Item no. 526201

### Benefits

---

- Flexible and compact organisation system for cabinets with pull out doors
- Two bins for organising recycling or cleaning products
- Simply remove the bins by lifting upwards with the handles provided
- High quality durable plastic
- Easy to clean
- Simple installation without measuring, marking or pre-drilling

## Planning information

---

- Installation height 361 mm, installation depth 400 mm, necessary inside cabinet dimensions for pull-out rails 450 mm, cabinet side wall thickness 16 mm or 19 mm.
- Door fronts must not have hinges or holes. Take position of handle into account.
- Can also be installed in cabinets with panelled doors with 40mm frame.
- Consider the installation height of the waste system, installation depth of the sink and the resultant minimum measure of the cabinet right from the planning.

## Scope of supply

---

- Pull-out door system
- 38 litre capacity (2 x 19 litres)
- Painted steel frame with pull out unit
- Template provided
- do not use with hinge door
