BLANCO Ceramic and Induction Hob Range

As individual as you are!

www.blanco.co.uk
When BLANCO was founded by Heinrich Blanc, way back in 1925, our focus was clear: it was quite simply to be ‘the best’. The company has established worldwide acclaim for its unswerving commitment to producing innovative but functional products of the highest quality, and to supporting our products with second-to-none service. This commitment remains the cornerstone of our policy.

BLANCO hobs
Built to the same exemplary standards as our sinks and taps

BLANCO quality
BLANCO hobs are designed and built with the well-established BLANCO quality in mind. With contemporary designs and high quality materials our hobs add style and performance to any kitchen. Engineered with minimum joins and seams ensure there are fewer areas for grease to build up making them easy to clean and ultimately hygienic.

All BLANCO hobs boast innovative features to make cooking safer and more enjoyable and they are rigorously tested to withstand many years of use, even in the busiest kitchens. All BLANCO induction hobs also come with a complimentary apron and oven glove as standard.
**Induction hobs**

The induction hob provides the most efficient method of cooking, this is because with induction cooking, a magnetic field instantly transforms your pan into the heat source. The coil beneath the ceramic glass does not heat up during this process which means all of the energy is transmitted to the base of the pan only. Therefore the pan heats only the food, not the hob. BLANCO induction hobs eliminate hot spots due to its all heat cooking zones meaning that the whole base of the pan is evenly heated.

**Safety**

With induction hobs only the base of the pan and the contents are heated. The ceramic glass remains much cooler than traditional ceramic or gas hobs. This means there is little residual heat left over once cooking is finished making induction hobs much safer. All of our BLANCO hobs have a built in safety feature of a child lock as well as residual heat indicator. This means the a red light will stay on until the residual heat is gone. This function can also be set to avoid accidentally switching on the hob.

**Automatic pan recognition**

The induction hob heating zone will automatically heat up as soon as it senses a pan with a smooth, flat base, suitable diameter and suitable metal content. This ensures that the hob will not heat up if smaller items such as metal spoons are accidentally left on the induction zones. The way to tell if a saucepan is induction hob friendly is to hold a magnet to the bottom, if it is magnetic it is ideal to use.

**Quick and responsive**

The speed of induction cooking is one of its major benefits. Contents in the pan will heat up extremely quickly and the heat element is very easy to control thanks to 14 different power levels for absolute precision. The power level can be turned up or down with an immediate effect on the contents of the pan just like gas but without any of the drawbacks.

**Energy efficiency**

Induction hobs are extremely energy efficient as they only heat up the base of the pan and its contents saving you money on your electricity bills. The efficiency of energy transfer for an induction cooker is 84%, versus approximately 40% when cooking with gas. This means when cooking with induction you typically use half the energy of gas yet your food will heat up twice as fast.

**Hygienic**

Cleaning an induction hob could not be easier. There are no parts to remove or difficult nooks and crannies to try and negotiate with a cloth. Just a flat, non-porous surface which you can wipe over quickly. As it is the pan not the glass that is the heating element any drips or spillages that fall on the hob will not burn onto the surface.
Ceramic range BH467823

Easy to use touch controls
BLANCO Hi-Light Ceramic Hob
6000W

590 x 520mm Frameless, 4 cooking zone black ceramic glass hob.

Benefits you’ll love
- 9 Heat levels for precision control
- 4 Residual heat indicators and the added safety feature of a child lock
- Auto stop in case of inadvertent start or overflow and to avoid over heating

Functions
- C Edge
- Touch control
- 4 Cooking zones
- 9 Heat levels
- 4 Start up boosters
- Child lock
- Rear access
- 4 Heat indicators
- Auto stop

Optional stainless steel trim available
BH467833
BLANCO Hi-Light XL Ceramic Hob 7000W

780 x 520mm Frameless, 4 cooking zone black ceramic glass hob.

Benefits you’ll love

- 9 Heat levels for precision control
- 4 Heat indicators and the added safety feature of a child lock
- 1 Dual zone ideal for larger pans
- Child lock for extra safety

Optional stainless steel trim available

BH467833

Functions

- C Edge
- Touch control
- 4 Cooking zones
- 9 Heat levels
- 4 Start up boosters
- Child lock
- Rear access
- 4 Heat indicators
- Auto stop
- Dual zone element
**BLANCO Induction Hob 5600W**

590 x 520mm 4 Cooking zone black glass induction hob.

**Benefits you’ll love**

- 9 Heat levels for precision control
- 4 Timers for greater convenience
- Child lock for added safety
- Auto stop function which identifies when the hob is not being used and will turn itself off

**Functions**

- C Edge
- Touch control
- 4 Induction cooking zones
- 9 Heat levels
- 4 Timers plus egg timer
- Child lock
- Rear access
- 4 Heat indicators
- Auto power
- Auto stop

Optional stainless steel trim available
BH467833

FREE apron and oven glove included with Induction hob

Induction range BH467825

590 x 520mm Depth 53mm + glass 4mm

Residual heat indicators

Cut out sizes and positions

BH467825

FREE apron and oven glove included with Induction hob
BLANCO Induction Hob 7400W
590 x 520mm Touch control induction hob with bevelled edge.

Benefits you'll love
- 2 XL Cooking zones enabling larger pans to be used
- 4 Boosters which give instant high heat with the touch of your finger
- 10 Heat levels that are incredibly fast and responsive
- Child lock for extra safety
- Auto stop in case of inadvertent start or overflow and to avoid over heating

Functions
- Front bevelled edge
- Touch control
- 4 Cooking zones
- 10 Heat levels
- 4 Boosters
- 4 Timers
- Child lock
- Rear access
- 4 Heat indicators
- Auto power
- Auto stop
- 2 XL Cooking zones

10 Heat levels including the booster function
BLANCO Induction Hob 7400W
FLEXI ZONE

590 x 520mm Black glass induction hob with Flexi zone and LH Bridge function.

Benefits you’ll love

• 4 Cooking zones and touch control
• Left hand bridge function enables the two separate cooking zones to be merged into one larger area so the user is able to provide even heat across the base of a large pan or 3 smaller pans over 2 cooking zones without compromising the efficiency
• 1 XL Flexi zone with auto sensor on the left side enabling pans of a different size to be used in this area
• 2 Boosters and ‘My Function’. My Function gives the user the option of selecting and storing up to 4 settings of regular cooking modes such as the time / heat required to boil an egg
• Pause and recall function allowing you to put the hob in pause mode and recall all the settings with a single touch

Functions

• Front bevelled edge
• Touch control
• 4 Cooking zones
• 11 Heat levels
• 4 Boosters
• LH Bridge function
• Pause function
• Keep warm function
• My Function
• 4 Timers
• Child lock
• 4 Residual heat indicators
• Rear access
• Auto power
• Auto stop
• 1 XL Flexi zone

FREE apron and oven glove included with Induction hob
BLANCO Induction Hob 7100W XL Hob with FLEXI ZONE
780 x 520mm Black glass induction hob with touch controls.

Benefits you’ll love
• 4 Cooking zones
• 11 Heat levels giving incredibly responsive capability in a design that adds style and sophistication to any kitchen
• 2 Boosters and ‘My Function’. My Function gives the user the option of selecting and storing up to 4 settings of regular cooking modes such as the time / heat required to boil an egg
• 1 XL Flexi zone with auto sensor on the left side enabling pans of a different size to be used in this area
• 1 XL 3000W Chef hot plate (back right) for high speed warming up

Functions
- Front bevelled edge
- Touch control
- 4 Cooking zones
- 11 Heat levels
- 2 Boosters
- LH Bridge function
- Pause function
- Keep warm function
- My Function
- 4 Timers
- Child lock
- 4 Residual heat indicators
- Rear access
- Auto power
- Auto stop
- XL 3000W Chef hotplate zone

FREE apron and oven glove included with Induction hob

Induction range BH467828 780 x 520mm Depth 53mm + glass 4mm
BLANCO Induction Hob 7400W 2x FLEXI ZONE

590 x 520mm Black glass induction hob with automatic pan recognition.

Benefits you’ll love

• Left and right hand bridge functions
• The 2 Flexi zones with auto sensor means you have the flexibility of heating pans of any size, positioned anywhere in the zone
• Pause and recall function allowing you to put the hob in pause mode and recall all the settings with a single touch
• Auto stop in case of inadvertent start or overflow and to avoid over heating
• 4 Boosters and ‘My Function’. My Function gives the user the option of selecting and storing up to 4 settings of regular cooking modes such as the time / heat required to boil an egg

Functions

- Front bevelled edge
- Touch control
- 4 Cooking zones
- 11 Heat levels
- 4 Boosters
- LH Bridge function
- RH Bridge function
- Keep warm function
- Pause function
- My Function
- 4 Timers
- Child lock
- Rear access
- 4 Heat indicators
- Auto power
- Auto stop

FREE apron and oven glove included with Induction hob
Induction range | BH467830 & BH467831

FREE apron and oven glove included with Induction hob

The Ultimate in Induction Cooking

BLANCO Grill plate available see page14

Easy to use slider controls
BLANCO Induction Hob
Induction hob with 14 heat levels ensures effortless cooking control.

Benefits you’ll love
• Automatic saucepan recognition and Automatic bridge functions enable cooking zones to be merged offering the ultimate in flexible working space
• This stylish black glass hob offers cooking zones to provide a variety of heat intensities
• Grill function, this sensor driven power level adaptation is specifically designed for the BLANCO cast iron grill plate (BH467834)
• Pause and recall function allowing you to put the hob in pause mode and recall all the settings with a single touch
• 3 Keep warm levels 41°C perfect for melting chocolate. 70°C suitable for keeping soup warm and 94°C perfect for simmering water
• Child lock for extra safety
• Slider controls
• Double boosters

Functions
• Front and side bevelled edges
• LED dimming function
• 14 Heat levels
• 3 x Keep warm levels

BH467830
• 4 Slider controls
• 4 Cooking zones
• 4 Double boosters
• 2 Automatic bridge functions

BH467831
• 6 Slider controls
• 6 Cooking zones
• 6 Double boosters
• 3 Automatic bridge functions
## Accessories BH467833

**Stainless steel trim (pair)**

For a stainless steel edge finish BLANCO offer stainless steel side profiles.

Side trims for models with non-bevelled edge. BH467823, BH467824, BH467825

**Benefits you’ll love**

- High quality product
- Specific high temperature adhesive
- Easy mounting
- For edge protection
- Coordinates with stainless steel overs

## Accessories BH467834

**Cast iron grill plate**

For use with BLANCO induction hobs BH467827, BH467828, BH467829, BH467830 and BH467831

The grill plate is specifically designed for induction and optimised grill function. The large smooth area is ideal to prepare all kinds of food such as meat, scrambled eggs and pancakes. Gridding steaks and burgers are made easy on the griddle zone of the iron plate.

**Benefits you’ll love**

- Dishwasher safe and size compatible
- High quality food grade enamel
- Optimised for heating and repartition efficiency
