Product Features

- Re-imagined faucet design inspired by contemporary lighting
- Smooth yet precise water volume and temperature control through counter-mounted electronic dial
- Separate control dial can be conveniently placed anywhere around the sink
- Push-control drain remote for safe, effortless operation—no need to touch the drain to open or close water flow.
- 360° swivel provides ample reach, ideal for busy kitchen islands
- Pull-down, dual-spray function, with a secure magnetic sprayhead holder
- Available in 4 finishes: Stainless Steel, Satin Dark Steel, Satin Gold, Satin Platinum
- Power supply required, electrical connection from 110V to 240V
- Water volume and temperature control through a separate counter-mounted electronic dial, that can be placed anywhere around the sink
- Solid stainless-steel construction

Planning information

Not suitable for the installation on sinks with a Faucet deck. Please follow the installation instructions for the cut-outs for the control and tap carefully.

What is included

- Power supply required, electrical connection from 110V to 240V
- Battery backup included, backup must be installed with the faucet
- Includes two different base plates for installation of control dial. One with an additional hole for a BLANCO PushControl drain button (when installed with OOVALON sink).
- 1-2 x $\frac{3}{8}$ in. diameter faucet holes required for faucet and faucet control dial
- Easy and fast installation with BLANCOlock
- Nylon braided hose and flexible connector pipes, 700 mm (27.56 in) long and 9/16 in. UNEF connector

Warranty

BLANCO offers a limited lifetime warranty on all sinks and faucets, as well as a one-year warranty on all custom accessories.

Code/Standards Compliance

BLANCO sinks and faucets are third-party tested and certified to standards and listed by applicable certification bodies. For more information on individual product listings, contact our office or listing organization.
